Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Claims 1-20 are allowed.

Regarding claims 1, 11 and 17, the references **Brown**, **Prokop** and Examiner's newly discovered reference **Burger** fail to teach sending an interactive text markup programming language script, using a session initiation protocol (SIP) message, to a user communications device. **Brown** teaches sending an interactive script, using an internet, to a user communications device (col.3, lines 23-43). **Prokop** teaches interactive text markup programming language script (col.5, lines 51-57). **Burger** teaches sending a script, using a session initiation protocol (SIP) message, to a server (col.7, lines 12-24). However, there is no suggestion in **Brown's** invention to combine with the teachings of **Prokop's** invention and **Burger's** invention in order to send the script to a user communication device using a session initiation protocol (SIP) message. Claims 2-5, 12-16 and 18 are also allowed since these claims are dependent upon claims 1, 11 and 17 respectively.

Regarding claims 6-10, 19 and 20, the reasons for allowance has been already written in the previous office action mailed on 08/25/2006.

Any comments considered necessary by applicant must be submitted no later than the payment the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should clearly labeled "Comments on Statement of Reasons for Allowance."
